Dear Mr. Tillbrook

Subject: PORT WASTE MANAGEMENT APPROVAL

Please find included a copy of your Port Waste Management Plan that has been approved in accordance with the Merchant Shipping and Fishing Vessels (Port Waste Reception Facilities) Regulations 2003 (SI: 2003/1809) as amended.

The above regulations require a formal re-assessment of your waste management plan every 3 years. There may also be an onsite audit within this time as well. Your plan is due for re-assessment on 15th July 2024 (in line with your previous approved plan). If at this point there are no major changes to your plan a formal letter stating this will be acceptable.

Please be aware that if there are any major changes to your plan or site operations this will necessitate a new plan being submitted for review and approval, along with the associated fees.

If you any queries, please do not hesitate to contact me.

Yours sincerely

Suzanne Chesson

Senior Marine Surveyor

Maritime and Coastguard Agency
